## A few Highlights from Coach -

Students have been playing Mass Soccer, a variation of Capture the Flag, Ultimate Frisbee and Flag Football this fall. We began the semester with Dodgeball, a student favorite (with over 30 dodgeballs flying everywhere), a great game to reinforce throwing technique and spatial awareness.

"Mass Soccer" is a soccer variation during which at least 3 balls are used. This does a few things; it helps solve the problem of less aggressive or less skilled students stepping away from the ball and giving all of the shots to the more skilled students, the use of 3 balls takes the spotlight off of children who are more shy so they can just play and enjoy the game without all eyes on them when the ball is near them, and allows all of the students to play more, developing their skills more quickly in a game-like setting.

Look for more great games as we continue on into the fall and winter!

## What we're talking about - Some Foundations of the Faith

- Love God, love one another (Matt 22:37-39)
