

PE+Plus Summer Camps 2018

Dear Friends,

We are excited to be offering some wonderful opportunities for your students at summer camp this year! Be sure not to miss Field Day on May 16th (Rain Date is May 18th)! We hope you are able to join us!

Blessings, Coach Dave & Debbie

SOCCER

Grades: 9-12

Teacher: Tyler Kempers

My name is Tyler Kempers and I am an avid lover of all things sports. I was homeschooled my entire life. Growing up I played any sport that my parents would let me, including PE+ for a number of years. Now, in my adulthood, I coach soccer at a competitive level. I have coached for several years as a part time job, and it is my passion. I've also coached soccer on a 3 month mission trip to Recife, Brazil. Learning discipline, hardwork, and teamwork in soccer has played a huge role in maturing as an individual and in my faith. We will spend time during camp working individually on skills as well as team strategies during scrimmages.

METEOROLOGY ~ THE STUDY OF WEATHER

Grades: 4-12

Teacher: Coach Dave Kemp (Weather lover and keen weather observer for many years!)

What's a "Willy-Willy"? What's the difference between hurricanes & cyclones? What is the Greenhouse Effect? Who has more snow on average...Minneapolis, Minnesota or Denver, Colorado? What is a Chinook? These and many other weather related questions will be answered in the course with some hands-on experiments as well.

DODGEBALL

Grades: 4-12

Teacher: Coach Dave Kemp

Can you ever get enough Dodgeball? We'll be taking it to a whole new level! Students will be playing Elimination Dodgeball as well as some of the classics like: Snowball, Prison, Battleship, Dynamite, Bears & Bunnies and Spy Doctor/Target. We will also do a small team tournament each day.

JR MINI CAMPS

Grades: K-3

Teacher: Coach Dave Kemp

Two fun filled days of high activity. We will enjoy a game of Mass Soccer & Lacrosse after working on skills and some fun drills. We will be finishing each day with Dodgeball, in its many varieties, just because they love it and it's also great for eye/hand coordination (catching & throwing). The dodging is a great exercise in spatial awareness, balance and a confidence builder, too!

+++++ Please do send campers with water bottles and a snack +++++
